PERSONAL SUMMARY

Master of Science student in Statistics and Computational Analytics at the University of Arkansas, with a Bachelor of Science in Telecommunication Technologies Engineering. Experience as a Data Analyst and Applied AI Engineer GA at UARK, and Administrative Assistant at MSH Multiple Family Office.

SKILLS SUMMARY

- BI & Analytics: Power BI, Power Query, DAX, BigQuery, Microsoft Fabric, Tableau, Excel.
- Cloud & DevOps: Azure, Container Apps, Blob/Queue Storage, Docker, Bicep, Git/GitHub Actions.
- Programming & Libraries: Python, SQL, R, MATLAB, C, Java, VHDL, Pandas, NumPy.
- Machine Learning: scikit-learn, FFT, feature engineering and model evaluation.
- AI & Collaboration: AI agents, semantic models, ontologies, project management, teamwork.

EDUCATION

Bachelor of Science in Telecommunication Technologies Engineering
University Charles III of Madrid | 2019 – 2024
Exchange program at University of Arkansas | 2024 – 2025

Master of Science in Statistics and Computational Analytics
University of Arkansas | 2025 – May 2027 (Expected)

International Baccalaureate (Dual American Diploma)
Academica Studies | 2017 – 2019
Graduated with Honors (A-)

ENGINEERING PROJECTS

Global Electronics Trade & Supply Chain Analytics | BigQuery & Power BI

- Analyzed 1.1M CEPII BACI electronics trade flows (2012–2024) with BigQuery SQL, Power Query and DAX; built Power BI maps, rankings, country drill-through and concentration metrics.

Azure Operations Cloud Data Platform | Cloud, Python & SQL

- Built event-driven Python and SQL pipelines on Azure Container Apps and Blob/Queue Storage for four demo warehouses; added file validation, managed identities, monitoring and Bicep deployment.

ML for Rotary Machine Fault Diagnosis | Machine Learning & Python

- Built Python classifiers using FFT and time-domain features from 2,925 vibration recordings at three speeds; evaluated held-out data and built an interactive demo with 117 examples.

WORK EXPERIENCE

Data Analyst Graduate Assistant. VCFA Strategic Projects Analysts, UARK | **2025 – Present**

- Provide statistical and data analysis support for university initiatives, working with structured datasets to clean, analyze, extract insights, and produce clear analytical reports using computational tools.

Applied AI Engineer Intern. VCFA, UARK | **2026 – Present**

- Develop AI-driven HR solutions with Microsoft Fabric, ontologies, and AI data agents, applying data modeling and machine learning to improve AI workflow accuracy, reliability, and business insights.

Administrative Assistant. MSH Multiple Family Office, Madrid | **2022 – 2025**

- Managed client accounts and internal documentation to ensure smooth operations, supported the planning and optimization of administrative processes.

LANGUAGES

Spanish: Fluent. Native **English:** Fluent. Advanced C1. Academic and professional working proficiency.
